

SABER AYMAN SABER

Full Stack Developer | MERN Stack & Python (Django)

+20 01017413228 • [linkedin.com/in/saber-ayman-saber](https://www.linkedin.com/in/saber-ayman-saber) • Giza, Egypt | Open to Remote & Relocation

PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with 2+ years of experience designing, building, and deploying scalable web applications for startups and businesses. Specialized in the MERN Stack (MongoDB, Express.js, React.js, Node.js) and Python (Django), with a strong command of RESTful API design, database architecture, and modern frontend development. Holds a B.Sc. in Information & Digital Technology from Helwan Ahlia University. Additionally trained in Artificial Intelligence — including Machine Learning, Deep Learning, and Reinforcement Learning — through a certified 80-hour program with the Egyptian Ministry of Communications, NTI, and Huawei ICT Academy (Score: 85%). Passionate about writing clean, maintainable code and delivering high-quality digital products. Actively seeking opportunities with global technology companies.

TECHNICAL SKILLS

Languages:	JavaScript (ES6+), TypeScript, Python, HTML5, CSS3
Frontend:	React.js, Next.js, Redux, Context API, Tailwind CSS, Bootstrap, Framer Motion
Backend:	Node.js, Express.js, Django, Django REST Framework, GraphQL, WebSockets
Databases:	MongoDB, PostgreSQL, MySQL, Firebase, Redis
APIs & Auth:	RESTful API Design, JWT Authentication, OAuth 2.0, API Integration
DevOps & Tools:	Git, GitHub, Docker, Vercel, Netlify, AWS (EC2, S3 basics), Postman, Linux
AI / ML:	Machine Learning, Deep Learning, Reinforcement Learning, TensorFlow (basics), PyTorch (basics), AI Frameworks
Other:	Shopify Development, E-Commerce Platforms, UI/UX Implementation (Figma), Agile/Scrum

PROFESSIONAL EXPERIENCE

Full Stack Developer · **Freelance / Independent Projects** 2022 – Present | Egypt | Remote

- Designed and developed full-stack web applications for multiple clients using the MERN Stack and Django, reducing client's time-to-launch by an average of 30%.
- Delivered two complete company websites for different Egyptian businesses — handling UI/UX design, backend API development, database architecture, and deployment.
- Built and launched e-commerce platforms with product management, cart systems, and payment gateway integration, achieving 100% client satisfaction.
- Created custom RESTful APIs consumed by web and mobile clients, ensuring scalability and security through JWT-based authentication and role-based access control.
- Developed personal portfolio websites for professionals and creatives, enabling clients to attract international opportunities.
- Maintained version-controlled codebases using Git/GitHub with CI/CD pipelines deployed on Vercel and Netlify.

Startup Project Developer · **InnovEgypt Program — ITIDA & TIEC** 2025 | Cairo, Egypt

- Completed an intensive 45-hour innovation and entrepreneurship training program funded by ITIDA and TIEC.
- Conceived, designed, and developed a full web application as a final project for a potential startup, receiving an official Certificate of Acknowledgement.
- Collaborated with a team to validate product-market fit, prototype features, and deliver a functional MVP within program deadlines.

FEATURED PROJECTS

Company Website #1 · [Client Project — Full Stack](#)

2024 | Egypt

- Built a complete company website including landing pages, service listings, contact forms, and admin dashboard.
- Stack: React.js · Node.js · Express.js · MongoDB · Tailwind CSS · REST API
- Deployed on Vercel with custom domain configuration and SEO optimization.

Company Website #2 · [Client Project — Full Stack](#)

2024 | Egypt

- Developed a professional business website with dynamic content management, responsive design, and backend API.
- Stack: Django · PostgreSQL · React.js · Bootstrap · Django REST Framework
- Implemented secure admin panel for client content updates with no developer intervention required.

E-Commerce Platform (Shopify-Style) · [Demo / Showcase Project](#)

2025 | Remote

- Full-featured e-commerce platform with product catalog, cart, wishlist, user authentication, and Stripe payment integration.
- Stack: Next.js · Node.js · MongoDB · Tailwind CSS · Stripe API · JWT

EDUCATION

B.Sc. in Information & Digital Technology (BIDT)

2021 – 2025

[Helwan Ahlia University](#) | Giza, Egypt

CERTIFICATIONS & TRAINING

NTI × Huawei Egyptian Talent Academy — Artificial Intelligence — [Ministry of Communications & IT](#) · [NTI](#) · [Huawei ICT Academy](#)

Aug – Sep 2025

80-hour intensive AI program covering Machine Learning, Deep Learning, Reinforcement Learning, AI Frameworks, AI Processors & Quantum Computing. Score: 85%.

HCIA-AI V4.0 Course — [Huawei ICT Academy](#)

Sep 3, 2025

Completed study and assessment of Huawei's HCIA-AI V4.0 curriculum. Certificate Code: ICT20250903001080.

Full Stack Developer Course — [Simplilearn SkillUP](#)

Jul 22, 2025

Comprehensive online full stack development course demonstrating advanced initiative in self-directed learning. Certificate Code: 8664982.

InnovEgypt — Certificate of Acknowledgement — [ITIDA & TIEC \(Egypt\)](#)

2025

45-hour training program. Developed a complete final project for a potential startup. ID: C0472W25T0383.

Sprints × Microsoft Summer Camp — Web Development — [Sprints & Microsoft](#)

2024

40-hour Microsoft-accredited web development bootcamp. ID: SPR-990F8E.

ADDITIONAL TRAINING

- AMIT Learning — Full Stack Web Development track (in-person training, Egypt)
- Self-directed learning through advanced coursework in system design, API architecture, and cloud fundamentals (AWS, Docker)
- Continuous learner: regularly completes projects, reads technical documentation, and follows industry best practices in modern web development
